Re: Pediatric Patient Consent

In most cases, a parent or guardian must consent to medical treatment for minors in the State of Montana. Sometimes other family members or friends bring children to our center for care. We need, however, to insure your consent before we can administer care to your child.

A proxy is an adult that fills in for you if you cannot come yourself. If you want another adult to serve as proxy and bring your child in for medical, mental health, or dental care, you must let us know by filling out and signing our consent form. When you fill out this form, you are telling us who you trust to bring your child in for medical care.

Please take a few moments to fill out the form and hand it back to the front desk staff or nurse. We will scan it in your child's chart.

We can no longer see children without the appropriate adult except to treat medical emergencies.

**Glacier Community Health Center / Glacier Dental Clinic
Appointment Agreement**

It is important for patients to keep their appointments, because broken appointments result in lost time that could have been used to treat other patients.

Rescheduling Appointments

We understand that sometimes situations arise that require rescheduling of your appointment. If you need to reschedule, please call the clinic as soon as you know that you will not be able to keep the appointment, preferably at least 24 hours before the appointment time.

Broken Appointments

If you miss a scheduled appointment or cancel it less than two hours prior, a broken appointment will be recorded in your chart. If you are 15 minutes late from your designated arrival time, a broken appointment will also be recorded, and you may have to be rescheduled if there is not enough time to complete your visit. It is not fair to keep other patients waiting because someone showed up late.

If you have three broken appointments during the past six months, you will not be able to make a regular appointment for a period of six months from the date of the third broken appointment. If you require medical, dental or mental health services during those six months, you may come and wait for an open appointment.

I understand this Appointment Agreement and agree to follow the terms of the broken appointment policy.
