

I QUALIFIED... NOW WHAT?

Review your statements

Look to see that we have billed your insurance company.

Look to see that we have applied any sliding fee discounts you may be eligible for.

If you do NOT see a sliding fee discount and you have submitted paperwork, please contact us immediately. We may be waiting on income documentation.

When processing applications, we can include charges that have occurred within the past 90 days and apply the discount.

What is a Nominal Fee?

THERE IS ALWAYS A NOMINAL FEE OF \$25.00

GCHC will always charge for services; however, based on your income you may only be responsible for a small fee of \$20.

Payment of the fee is appreciated at the time of service. Once the sliding fee is applied to a bill, there may or may not be an additional balance due.

Please contact the billing department and set up payment arrangements that will fit with your budget. Pay your bills off within 28 days of the first statement date and we will adjust 10% off of your balance.

To apply, pick up an application today, or print one at www.glacierchc.org

How Often Do I Apply?

The discount is applied for one year or less.

You are notified by mail when it is time to renew your discount. You can update your application any time throughout the year, should your income change.

We can include charges that have occurred within the past 90 days and apply your discount.

GCHC's 340B drug discount program.

All patients should have a 340B card. Please ask if you need a new one! Patients with Medicaid will not receive a card, since the cost of prescriptions is covered.

The discount can apply at both Osco and Glacier Pharmacies in Cut Bank, for prescriptions written by GCHC providers.
